Four Way Test of the things we think, say or do:

Is it the **TRUTH**?

Is it **FAIR** to all concerned?

Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?

Will it be **BENEFICIAL** to all concerned?

It is tough getting older as we have to watch for so many signs of deterioration! However eye disease can progress with no early symptoms and without changes in vision. Tony Ireland, an Optometrist for over twenty years, was our guest speaker last week. He is heading an Eye Health Awareness Campaign and impressed on us the great importance of regular eye checks. 50% of the time he diagnoses eye disease the person does not think they have a problem. To promote good vision for life requires a good diet & exercise, UV eye protection (not just while driving) and no smoking.
